

**ALC Engineered
Solutions LLC**

CAPABILITY STATEMENT

ABOUT US

ALC Engineered Solutions LLC is a reputable and well-established company in the federal contracting industry. With our headquarters located in Lockwood, Missouri, we have been providing a wide range of precision machining services for federal agencies since our inception in 1979.

At **ALC Engineered Solutions LLC**, we take pride in our state-of-the-art facility and advanced manufacturing capabilities. Equipped with modern CNC machines and cutting-edge technology, we have the capability to deliver high-quality products and components that meet the rigorous standards set by federal agencies.

CORE COMPETENCIES

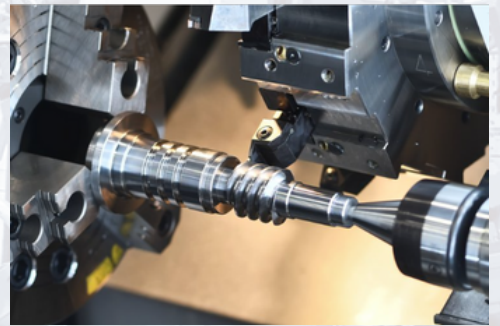

- ✓ **ALC Engineered Solutions** offers 40 years of engineered designs and precision machined components.
- ✓ In our 17,000 square foot facility, we provide CNC machining, milling, threading, necking, internal forming, drilling, knurling, boring, contouring, forming, tapering, and straight turning.
- ✓ We manufacture from raw material to completed packaging with DLA compliant labeling.
- ✓ All parts are quality control inspected with material and inspection certifications furnished upon request.
- ✓ Materials we work with include aluminum, brass, copper, magnesium, nickel, stainless steel, titanium, zinc, Inconel, acetal, acrylic, nylon, polypropylene, ABS, PEEK, PTFE, PVC, and PVCF.

WHY CHOOSE US?

- Ability to reverse engineer parts and products for unique applications using CAM and CAD software
- Professional machinists skilled in quality practices with over 30 years of industrial experience
- Multi-spindle screw machines and CNC Swiss machining centers providing high-quality, high volume production parts at sensible prices
- Manufacturing experience in machining and processing high performance materials such as titanium, nickel alloys, and aerospace grade stainless steel and aluminum

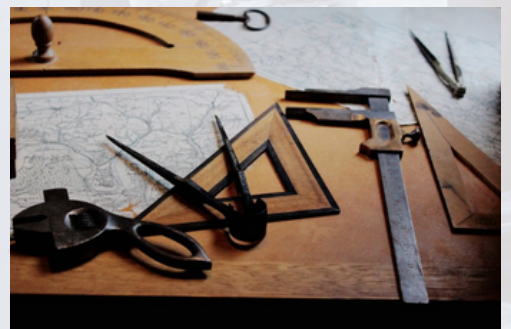

PAST PERFORMANCE

- **Ridewell Corporation**
 - Janet Robertson, Purchasing Manager
- **Delta Fastners**
 - Jerome Corrales, Purchasing
- **Joe Gibbs Racing**
 - Rene Zapata, Xfinity Parts Manager
- **Ruskins Company**
 - Dennis Davis, Advanced Manufacturing Engineering Manager

NAICS CODES

- 332710: Machine Shops
- 332510: Hardware Manufacturing
- 332721: Precision Turned Product Manufacturing
- 332722: Bolt, Nut, Screw, Rivet, and Washer Manufacturing
- 332992: Small Arms, Ordnance, and Ordnance Accessories Manufacturing
- 333511: Industrial Mold Manufacturing
- 333514: Special Die and Tool, Die Set, Jig, and Fixture Manufacturing
- 333613: Mechanical Power Transmission Equipment Manufacturing.
